World Otter Day:
Code Cracker Challenge

Code Cracker Clue #2a: What is the first letter of the answer for 1_Down?
Code Cracker Clue #2b: Find the answer that starts with P. How many letters are in that word?
Code Cracker Clue #2c: How many answers start with the letter S?

Challenge #3: Giant Otter Throat Patch Memory Match

Giant otters have white skin patches on their throats. Each otter has a unique throat patch design. Otters can use these patches to help identify otters. Scientists also use the throat patches to track otters in the wild.

Click on the following link to play the Throat Patch Memory Match created by the Otter Education Advisory Group.

https://www.freememorygame.com/?dn=Otter%20Throat%20Patch%20Match

Code Cracker Clue #3a: How many tiles are on the Memory Match game board?
Code Cracker Clue #3b: How many pairs of throat patch matches were in the game? (Hint: Divide the total number of tiles by two)

Crack the Code

Put the clues together to discover the mystery word. Fill in your answer from each Code Cracker Clue:

1a  1b  2a  2b  2c  3a  3b

For answers involving numbers, use the following cipher to replace numbers with the correct letter:

1=L  2=I  3=J  4=A  5=K  6=Z  7=Y  8=W  9=H  10=T  11=C  12=C  13=S  14=D  15=F  16=G  17=O  18=Q  19=R  20=N  21=U  22=V  23=P  24=M  25=X  26=B

Replace the numbers with letters and reveal the World Otter Day Mystery Word. Giant otters mark their territory by spreading their scent using their:

____  ____  ____  ____  ____  ____  ____

To check your answers and discover the bonus activity, see the answer key below.

Recap Have a conversation about what you saw/did and questions your child may have.

• How many different species of otters are found around the globe? What are some of the different names of the species?
• What new fun facts about otters did you learn today?
• How can otters and scientists tell individual otters apart? What trait is unique to every human?

**Crack the Code Answer Key**

Put the clues together to discover the mystery word. Fill in your answer from each Code Cracker Clue:

1a=13  1b=23  2a=R  2b=4  2c=2  3a=20  3b=10

For answers involving numbers, use the following cipher to replace numbers with the correct letter:

1=L  2=I  3=J  4=A  5=K  6=Z  7=Y  8=W  9=H  10=T  11=C  12=C  13=S  14=D  15=F  16=G  17=0  18=Q  19=R  20=N  21=U  22=V  23=P  24=M  25=X  26=B

Replace the numbers with letters and reveal the World Otter Day Mystery Word. Giant otters mark their territory by spreading their scent using their:

S      P      R      A      I      N      T

**Congratulations! You cracked the code and discovered the World Otter Day Mystery Word!**

**Bonus Activity: Sprainting like an Otter!**

“Spraint” is the special word for otter poop! Otter families will poop in the same location, called a latrine. In addition, giant otters will “finger paint” with their spraint to mix it in with the rest of the family group. By doing this, they can spread their scent and mark their territory to keep away other family groups of otters.

In honor of our Mystery Word, the bonus activity will be “Sprainting” like an Otter! You and your family can mark your territory by creating your own otter spraint latrine.

**Instructions:**

1. Choose your latrine surface. Options include one large piece of paper, multiple smaller pieces of paper, an old blanket or cloth sheet, or the driveway.
2. Choose your spraint material. Options include any non-toxic paint, dirt and water for a muddy “paint,” or sidewalk chalk.
3. Choose your color and start sprainting. If possible, have every family member choose a different color to mix in the “latrine.” Use your fingers to spread the color over the chosen surface.
4. If your family members are on social media, share with us using #OnlyZooATL.

*Sprainting activity adapted from Otter Education Advisory Group’s World Otter Day education packet.*
